

CROSS CUT'S POWER PLANT IS HOOKED UP

Power for Drying Machinery in the New Concrete Bases to Be Supplied by Arizona Falls Plant—End of Job is in Sight

(Special to The Republican)

TEMPE, Sept. 24.—Workmen today started hooking up a permanent electrical connection between the Arizona Falls power house, five miles north of here, and the new Crosscut power house just across the river from Tempe. A temporary wire has been in use for some time but so much greater a quantity of electricity will be used from now on in drying out machinery and the like that a permanent line was thought advisable.

Workmen at the new power house have had the use of but one small electric motor which came into use in dozens of different places about the job. Tomorrow and from then on there will be plenty of current for every need.

The new powerhouse is rapidly nearing completion and will in all probability be in permanent operation before the first of the year. The rough installation work is practically completed and workmen are now engaged in rounding off the corners and putting on the finishing touches. The first generator will be tried out within a couple of weeks and from that time water will be gradually turned into the other new machines for their first trials. About thirty electricians and machinists and their helpers are now permanently employed on the job.

FIRST REAL CLASH

(Continued From Page One)

Antonio. A combination with Villa revolutionists of the old federal element, combined with members of the "cientifico" party, which flourished under the Diaz regime, was evidenced by this and other assertions by the Carranza element.

Communication is Cut

VERA CRUZ, Sept. 24.—There is no railway or telegraphic communication between Vera Cruz and the capital, the lines having been cut north of Esperanza, about 100 miles west of Vera Cruz.

Brigadier General Frederick Funston and Consul Canada have been unable to ascertain the reason for severing communications, or to learn what is transpiring in Mexico City to which place a number of Americans who fled during the revolution have returned. On account of the change in the situation Canada has recommended to the state department the advisability of retaining the American troops at Vera Cruz until the conditions are more normal.

Gil Also Moving

NACO, Sept. 24.—General Benjamin Gil, commanding the Carranza forces in Sonora, sent all of his personal property here last night, including a train of automobiles, from Cananea. Mexicans here believe he will follow, drawing in his troops from Cananea and Santa Barbara, as Governor Maytorena advances. If he makes a stand at all it is believed it will be here.

Officials suspected of sympathy with Villa and Maytorena are now refugees on the American side of the boundary.

CLOSE WIRELESS STATION

WASHINGTON, Sept. 24.—Orders closing the Marconi wireless station at St. Louis, Mo., at noon tomorrow will be carried out regardless of the company's appeal to the courts, according to navy department officials.

OFFICE OF THE BOARD OF SUPERVISORS, MARICOPA COUNTY, STATE OF ARIZONA, Phoenix, May 20, 1914.

The Board resumed session at nine o'clock A. M., Wednesday, May twentieth, 1914, and were present: W. A. Moer, Chairman, Frank Luke and L. B. Orme, Members, and James Miller, Jr., Clerk. Absent, None. Minutes of previous meeting read and approved.

SCHOOL DISTRICT NO. 8 BONDS AUTHORIZED

In the matter of the application of the Board of Trustees of School District Number Eight of Maricopa County, State of Arizona, for the issuance of Bonds of said School District, on motion and by unanimous vote the Board passed and adopted the following resolution:

WHEREAS, in pursuance of and in conformity with Title XI of the Civil Code, Revised Statutes of Arizona, 1913, entitled "Education," the Board of Trustees of School District Number Eight of Maricopa County, State of Arizona, has certified to the Board of Supervisors all the proceedings had by said School District pursuant to said Title, for the purpose of authorizing the issue of the Bonds of said School District in the sum of Twenty Thousand Dollars for the purpose of raising money to purchase ground for an addition to the site of Osborn School, located on said site and used and occupied by said Osborn School, erect an additional building for the use of said school on the present site or on the addition thereto which it is proposed to purchase, supply the old buildings and said building with necessary furniture and apparatus, and improve the grounds of said School; and

GERMANS MAKE SUPREME

(Continued From Page One)

in which both sides claim victory, the situation is unchanged except that, according to German reports, German troops have recaptured Varannes, in the department of the Meuse, which the French took a few days ago.

A report which lacks official confirmation says that General Rennenkampf, who withdrew over the East Prussian frontier when German reinforcements arrived, has himself received more men and again taken the offensive and compelled the Germans, in their turn, to withdraw. It is considered probable the fall of Jaroslau and the isolation of Przemyśl have compelled the Germans to look more closely to the protection of their line drawn from Thorn to Kalisz, which guards Posen, as the Russians are now able to release a large number for the invasion of that part of

Battle Continues
PARIS, Sept. 24.—A brief official communication announced that on the left wing the battle continues to develop. There is a full in the center, while on the right wing the German attacks apparently have been checked.

Sights Warship Fleet
LONDON, Friday, Sept. 25.—A dispatch to the Standard from Copenhagen states that fishing fleet has arrived at Dalkenberg, Sweden, which had been in proximity to a fleet of thirty warships. They were sighted in the vicinity of Anholt, a Danish island in Kattegat, a large arm of the North Sea which has Sweden on the east and Jutland on the west. The nationality of the warships has not been divulged.

They were steaming down the principal deep water channel on the Swedish side in a southerly direction toward the only entrance for large vessels to the Baltic from the North sea. The news caused great excitement. The sound is extensively mined and foreign war vessels run great risk.

"Not a single shot was fired by any of the three British cruisers sunk by the German submarines," says a Berlin official dispatch by Marconi wireless. "The majority of the British sailors were in their bunks when the attack was made. In recognition of their services, the Iron Cross has been bestowed on each member of the crews of the submarine."

Heavy fighting is proceeding in different points to the south of Antwerp, says a dispatch from Amsterdam to the Reuter Telegram company. At one place, the name of which is prohibited by the Belgian censor, a German force of 2000 was routed, many being killed and wounded or taken prisoners. Never before, the dispatch adds, have the Belgians taken so many prisoners in a single battle.

ANTI-MONEY HOARDING

(Continued From Page One)

function will be the easing of the tension in the international money market. It is confidently predicted that excess imports will show a much smaller total at the end of the current month, and is likely to be completely reversed at the end of October. In that event exchange is reasonably expected to fall to normal rates.

said proceedings that at a meeting of said Board of Trustees duly called and held on the 11th day of April, 1914, at which meeting there were present a majority of the members of said Board of Trustees, a resolution was duly adopted and entered of record, calling a special election to be held on the second day of May, 1914, between the hours of nine o'clock in the forenoon and four o'clock in the afternoon of said day, and that said election be held at the school house situated in said School District Number Eight of Maricopa County, for the purpose of submitting to the taxpayers of said School District the question whether or not the Bonds of said School District, in the sum of Twenty Thousand Dollars, should be issued and sold for the purpose of raising money to purchase ground for an addition to the site of the Osborn School, repair the school buildings now located on said site and used and occupied by said Osborn School, erect an additional building for the use of said school on the present site or on the addition thereto which it is proposed to purchase, supply the old buildings and said additional building with necessary furniture and apparatus, and improve the grounds of said School; and

WHEREAS, it further appearing in and by said proceedings that pursuant to said resolution and said Title XI, such election was duly called by posting notices thereof, signed by said Board of Trustees, in three of the most public places in said School District for not less than twenty days before the said election, and by publishing the same in the Arizona Gazette, a newspaper of general circulation published at Phoenix, Maricopa County, State of Arizona, not less than once a week for three successive weeks, and that said notice contained:

HEADQUARTERS OPEN MONDAY

By MISS JANE PINCUS

The Congressional Union for Woman Suffrage expects to have its headquarters open by Monday and in readiness for an active campaign. The union hopes that the voters of Arizona will stand by the women of the unfranchised states and will demand that congress pass the Brisslow-Mondell amendment which says that the right of citizens of the United States to vote shall not be denied or abridged by the United States or by any state on account of sex.

In order to get this amendment passed the congressional union feels that pressure must be brought upon the party in power—at present the democratic power. The democrats have it in their power today to enfranchise women; therefore the women believe in dealing directly with the people who can give them what they want. The Washington organization contends that if the democrats bar the way that it is the party organization and not the individual member of congress whom it is necessary to attack. They feel that is the only logical method of work, also the most economical and expedient. At the present moment the senate is the weakest point in the democratic army. If the union succeeds in defeating even a few democratic senators in November, it would make a serious breach in the party organization.

The reasoning leading to the policy is very clear. If the women started to attack every anti-suffragist in congress, they would have an enormous task, and at the end of their labor they would have combined to defeat a number of democratic anti-suffragists and elect an equal number of republican anti-suffragists, and at the end of all the effort the relative strength of parties would be just where it was before. The individuals whose seats were imperiled might regard the women with respect, but for the heads of the parties who hold in their hands the machinery of government, they would be politically negligible.

The women wished to get the party now in power to go on record for or against suffrage and to go as a party with that record to the people. The congressional union wants the women all over the country to stick to their duty of enfranchising women before undertaking any other reforms.

They say there is in all this no undue urgency and impatience because it is the highest mission of any party to free the people. It is the first duty of all women to free their sex; to end forever the established theory of the inferiority of women to men, with all the social evils that theory drags in its train. To women no political reform should come before the question of their own freedom. Since that aim is the women's first and highest they are calling upon the women of Arizona to rebuke the party in power and refuse their support to any democratic candidate for congress.

LOCAL FIRM GETS BID IN NORTH CALIFORNIA

Toohy and Johnson to Grade State Highway for Sister State; Long Distance Job Getting

Perhaps the record for outdoor long distance successful contract securing should go to Toohy and Johnson, grading contractors of Phoenix, who recently seized upon and held the award of the state engineers of California for the construction of a lot of highway in the extreme northern part of the Pacific coast state.

The highway lies between Weed and Dunsmuir, and the job is going to pay the contractors \$67,000. Toohy is the Phoenix contractor who has to his credit most of the railroad grading in the state, much of the state highway and a lot of miscellaneous work around and about.

for State and County taxes.

NOW THEREFORE, it is ordered that the Negotiable Coupon Bonds of said School District Number Eight of Maricopa County, Arizona, be issued in the aggregate to the amount of Twenty Thousand Dollars. Said Bonds shall consist of forty Bonds for the sum of Five Hundred Dollars each, shall be dated July First, 1914, shall be due and payable twenty years from the date thereof, provided, however, that said Bonds may be paid on any interest paying date after fifteen years from date of issuance, at the option of the Board of Trustees of said School District Number Eight, shall bear interest at a rate not to exceed six (6%) per cent per annum, payable semi-annually, by promissory to pay to Bearer Five Hundred Dollars in Gold Coin, Lawful Money of the United States of America, of the present standard of weight and fineness, for value received on the First day of July 1934, with interest thereon at the rate of (not exceeding six per cent) per annum, interest payable semi-annually on the First day of January and the First day of July, both principal and interest payable at the office of the Treasurer of said Maricopa County, in the City of Phoenix, out of the Building Fund of said School District Number Eight of Maricopa County, on the presentation and surrender of this Bond or the annexed Coupons as they severally become due, provided, however, that said Bonds may be paid on any interest paying date after fifteen years from date of issuance, at the option of the Board of Trustees of said School District Number Eight.

This Bond is one of a series of Bonds, forty in number, of Five Hundred Dollars each, bearing even date herewith, and amounting in the aggregate to Twenty Thousand Dollars, of said School District Number Eight of Maricopa County, which the Board of Supervisors of the said Maricopa County has issued for said School District for the purpose of raising money to purchase ground for an addition to the site of the Osborn School, repair

Payable in Gold Coin of the United States of America.

Due in Twenty Years.

School District Number Eight of Maricopa County, State of Arizona, acknowledges itself indebted, and hereby promises to pay to Bearer Five Hundred Dollars in Gold Coin, Lawful Money of the United States of America, of the present standard of weight and fineness, for value received on the First day of July 1934, with interest thereon at the rate of (not exceeding six per cent) per annum, interest payable semi-annually on the First day of January and the First day of July, both principal and interest payable at the office of the Treasurer of said Maricopa County, in the City of Phoenix, out of the Building Fund of said School District Number Eight of Maricopa County, on the presentation and surrender of this Bond or the annexed Coupons as they severally become due, provided, however, that said Bonds may be paid on any interest paying date after fifteen years from date of issuance, at the option of the Board of Trustees of said School District Number Eight.

This Bond is one of a series of Bonds, forty in number, of Five Hundred Dollars each, bearing even date herewith, and amounting in the aggregate to Twenty Thousand Dollars, of said School District Number Eight of Maricopa County, which the Board of Supervisors of the said Maricopa County has issued for said School District for the purpose of raising money to purchase ground for an addition to the site of the Osborn School, repair

the school buildings now located on said site and used and occupied by said Osborn School, erect an additional building for the use of said School on the present site or on the addition thereto, which it is proposed to purchase, supply the old buildings and said additional building with necessary furniture and apparatus, and improve the grounds of said School; under and by virtue of and in strict and full compliance with the provisions of Title XI of the Civil Code, Revised Statutes of Arizona, 1913, entitled "Education," and in pursuance of an order of the said Board of Supervisors of the said County, duly and in due time, form and manner adopted and entered upon the minutes prior to the issuance of this Bond, and by virtue of the authority of the proceedings of the Board of Trustees of said School District Number Eight, certified to this Board, and of a vote of the taxpayers of said School District present and voting on the question at the special election legally called and duly held in said School District on the second day of May, 1914, at which election more than a majority of all the legal ballots cast upon the question were in favor of the issuance of this Bond; and it is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this Bond have been properly done, happened and performed in regular and due time, form and manner as required by law; that the money shall be raised by taxation upon the taxable property in said School District for the redemption of this Bond and the payment of the interest thereon, and that the total debt

of the said School District Number Eight, including this Bond, exceeds neither the Statutory nor the Constitutional limitations of the State of Arizona.

IN TESTIMONY WHEREOF, the Board of Supervisors of Maricopa County has issued this Bond to be signed by the Chairman, attested by the Clerk, countersigned by the County Treasurer, and sealed with its seal this First day of July, A. D., 1914.

Chairman Board of Supervisors.
